

## Technical Data Sheet

Degreasing detergent with very high cleaning power. Suitable for work overalls or heavily soiled garments.

- Already active at 40°C
- Reduced washing times
- Suitable for degrees of water hardness
- Phosphate free
- Optimal degreasing effect due to special combination of surfactants
- Controlled foam additive

**Lavatute**

## Technical Data Sheet

### Method of use:

Dosage in ml of product per kg of dry garments with machine fully loaded

Water hardness	Pre-wash	Main Wash	Single wash
0 – 10°f	7	7	12
10 - 20°f	8	8	14
Above 20°f	10	8	16

### Technical features:

pH 1% = 9,0 – 10,0  
Density 20°C = 1,000 - 1,050g/ml

**Composition:** non-ionic / anionic surfactants, soil carriers, greying inhibitors, sequesters, builders, perfumes

**Lavatute**
